

## National Resource Center for Health Center Training and Technical Assistance (TTA)

*Envisioning a world where every health center thrives and strengthens its community*

### WHAT

does NACHC offer state and regional PCAs, HCCNs and other partners?

NACHC's Primary Care Association (PCA) and Network Relations team fosters strong partnerships with PCAs and Health Center Controlled Networks (HCCNs) to share information and build strategic bi-directional bridges for growth and success among PCAs, HCCNs, Health Centers, NACHC and others. Opportunities are created through NACHC's coordinated leadership meetings, joint policy and research efforts, and resource sharing. Topics range from Health Information Technology (HIT) and data analysis, to clinical practice and emerging issues coordination, to policy and practice transformation. All collaborative efforts generate timely and relevant action, led by today's most influential subject matter experts and executives across 52 states and territories.

### WHO

benefits from PCA & Network Relations?

National, PCA and HCCN leaders and staff interested in the preservation, strength and growth of health centers as they serve an expanding underserved patient base across the country.

### HOW

do NACHC's training programs support value-driven care?

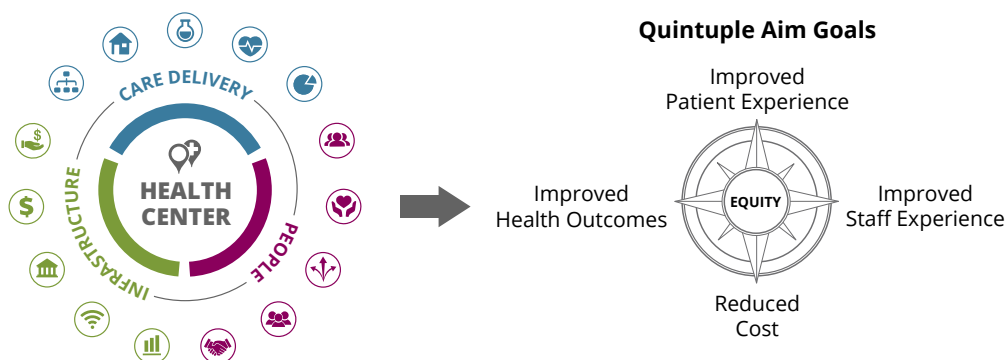

NACHC's **Value Transformation Framework (VTF)** is a conceptual model created to help health centers transform from a volume-based care model to one driven by value. It identifies 15 critical Change Areas and is grounded in helping health centers improve health outcomes, offer better staff and patient experiences, offer more equity, and lower costs (the Quintuple Aim). NACHC's training programs and networking opportunities follow similar principals, as they distill evidence-based practices into practical, goal-driven, health system change.

### WHY

are NACHC's PCA and Network Relations valuable?

Participants will:

- Gain insight into the benefits of shared peer-to-peer learning among state and regional partners.
- Identify resources for growth through various training programs geared to the ever-changing payment and health care practice environment.
- Recognize promising practices in accountable/managed care, telehealth workflows, quality improvement payment reform and more.
- Construct strong partnerships with subject matter experts for problem-solving and guidance.
- Collaborate with national experts for state or regional conferences and training.
- Develop research that informs training, advocacy and policy in support of health centers and their operational needs.

### A Sample of NACHC's PCA & Network Relations Offerings

#### Conferences and Networking Opportunities

- **Primary Care Association (PCA) & Health Center Controlled Network (HCCN) Conference (annual)**
  - PCA and HCCN General Sessions
- PCA Leadership Committee Meetings (monthly)
- HCCN Task Force Leadership Team and TF Committee Meetings (three times annually)
- NACHC Orientations for New PCA CEOs and HCCN Senior. Leaders Staff (annual)
- **National PCA and HCCN Training Summary**—a monthly showcase of current and upcoming training programs from NACHC, state and/or regional PCAs, HCCNs and other National Training and Technical Assistance Partners (NTTAPs).

#### Tools & Resources for Collaboration

- **Network Resource Guide for Health Center Controlled Networks**—with up-to-date information about HCCNs across the country and the ways HCCNs leverage health IT to improve access to care, enhance quality of care and achieve cost efficiencies on behalf of health centers.
- PCA CEO **directory**
- HCCN CEO directory

#### Quick TTA Resources

- **Payment and Delivery Reform tool**
  - NACHC Issue Brief: **Health Centers and Payment Reform, A Primer**
  - NACHC Issue Brief: **Navigating and Advancing Health Center Payment Reform: Lessons from Primary Care Association**
  - NACHC's **Payment Reform Readiness Assessment Tool (Online or .PDF)**
  - NACHC Webinar: Making Strides in Payment and Delivery Reform
  - NACHC Issue Brief: **Health Center Payment Reform: State Initiatives to Meet the Triple Aim (now expanded to the Quintuple Aim)**
  - NACHC Issue Brief: **Increasing Private Payment Rates to Health Centers in Hawaii**
- **Training Catalog**
- Noddlepod—online communities for crowd sourcing. Look for topics such as:
  - 340B Pharmacy Operations (with archived **Pharmacy Access Office Hours**)
  - PCA CEO (networking community)

#### COVID-19 Response and Support

Educational programs are tailored and constantly updated to meet ongoing challenges. COVID19 specific resources can be found in the **Health Center Resource Clearinghouse**.

- Noddlepod's—COVID-19 Response and Recovery community
