

BACKGROUND ON ASSESSMENT

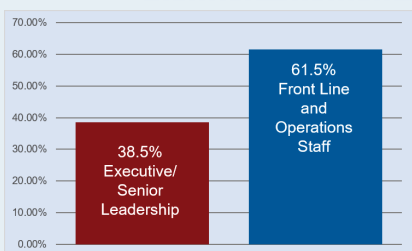

Health Centers were assessed for their training and technical assistance (TTA) needs in Fall 2021. The results inform increased coordination, development and delivery of assistance to health centers while raising awareness of pressing needs. The National Association of Community Health Centers (NACHC) administered the assessment on behalf of the Health Resources and Services Administration (HRSA) and their 21 [National Training and Technical Assistance Partners \(NTTAPs\)](#).

RESPONDENTS BY TYPE

Small health centers defined as serving 10,000 or fewer patients.

Rural and urban classification derived from the 2020 UDS dataset, which is self-reported by the health centers.

37.5%

Over a third of the front line and operations staff worked in management or administration.

25%

A quarter of the front line and operations staff were clinicians and clinical support staff.

TOP TTA NEEDS BY SPECIFIC TOPIC

Access and Affordability

TTA Topic	Specific TTA Needs
Outreach and Enabling Services	Evaluating outreach programs
	Implementing outreach programs/partnerships to address health disparities
	Developing outreach services to address chronic diseases or conditions

Quality, Patient Care, and Safety

TTA Topic	Specific TTA Needs
Data Collection and Use	Leveraging data to guide clinical quality, operational and financial improvement
	Collecting and using reporting measures
General Patient Care and Safety	Best practices for patient and provider safety during public health emergencies

Workforce

TTA Topic	Specific TTA Needs
Management	Managing staff
Leadership	Orientation and onboarding to center operations, environment and culture
