

## BACKGROUND ON ASSESSMENT

Health Centers were assessed for their training and technical assistance (TTA) needs in Fall 2021. The results inform increased coordination, development and delivery of assistance to health centers while raising awareness of pressing needs. The National Association of Community Health Centers (NACHC) administered the assessment on behalf of the Health Resources and Services Administration (HRSA) and their 21 [National Training and Technical Assistance Partners \(NTTAPs\)](#).

## RESPONDENTS BY TYPE

Small health centers defined as serving 10,000 or fewer patients.

20%

One-fifth of the front line and operations staff worked in management or administration.

Rural and urban classification derived from the 2020 UDS dataset, which is self-reported by the health centers.

20%

One-fifth of the front line and operations staff were clinicians and clinical support staff.

## TOP TTA NEEDS BY SPECIFIC TOPIC

Workforce

TTA Topic	Specific TTA Needs
Leadership	Clinical, operational, and financial improvement
	Workforce strategies and planning

Quality, Patient Care, and Safety

TTA Topic	Specific TTA Needs
Data Collection and Use	Leveraging data to guide clinical quality, operational and financial improvement
Oral Health Services	Integrating oral health into primary care

Finance

TTA Topic	Specific TTA Needs
Value-Based Payment	Integrating dentistry and behavioral health services in value-based payment reform
