

## BACKGROUND ON ASSESSMENT

Health Centers were assessed for their training and technical assistance (TTA) needs in Fall 2021. The results inform increased coordination, development and delivery of assistance to health centers while raising awareness of pressing needs. The National Association of Community Health Centers (NACHC) administered the assessment on behalf of the Health Resources and Services Administration (HRSA) and their 21 [National Training and Technical Assistance Partners \(NTTAPs\)](#).

## RESPONDENTS BY TYPE

Small health centers defined as serving 10,000 or fewer patients.

**75%**

Three-quarters of the front line and operations staff worked in management or administration.

**0%**

None of the front line and operations staff were clinicians and clinical support staff.

Rural and urban classification derived from the 2020 UDS dataset, which is self-reported by the health centers.

## TOP TTA NEEDS BY SPECIFIC TOPIC

Quality, Patient Care, and Safety

TTA Topic	Specific TTA Needs
Data Collection and Use	Leveraging data to guide clinical quality, operational and financial improvement Using social determinants of health data to enhance patient outcomes and health equity
General Patient Care and Safety	Trauma-informed care and healing-centered engagement

Workforce

TTA Topic	Specific TTA Needs
Leadership	Empowering health center staff
Management	Managing staff
Recruitment and Retention	Developing a comprehensive staff retention plan
