

BACKGROUND ON ASSESSMENT

Health Centers were assessed for their training and technical assistance (TTA) needs in Fall 2021. The results inform increased coordination, development and delivery of assistance to health centers while raising awareness of pressing needs. The National Association of Community Health Centers (NACHC) administered the assessment on behalf of the Health Resources and Services Administration (HRSA) and their 21 [National Training and Technical Assistance Partners \(NTTAPs\)](#).

RESPONDENTS BY TYPE

35.7%

35.7% of the front line and operations staff worked in management or administration.

42.9%

42.9% of the front line and operations staff were clinicians and clinical support staff.
