

## BACKGROUND ON ASSESSMENT

Health Centers were assessed for their training and technical assistance (TTA) needs in Fall 2021. The results inform increased coordination, development and delivery of assistance to health centers while raising awareness of pressing needs. The National Association of Community Health Centers (NACHC) administered the assessment on behalf of the Health Resources and Services Administration (HRSA) and their 21 [National Training and Technical Assistance Partners \(NTTAPs\)](#).

## RESPONDENTS BY TYPE

Small health centers defined as serving 10,000 or fewer patients.

Rural and urban classification derived from the 2020 UDS dataset, which is self-reported by the health centers.

**33.3%**

A third of the front line and operations staff worked in management or administration.

**16.7%**

16.7% of the front line and operations staff were clinicians and clinical support staff.

## TOP TTA NEEDS BY SPECIFIC TOPIC

Patient Experience

TTA Topic	Specific TTA Needs
no subdomain	Assessing and supporting patient engagement in telehealth
	Patient engagement in oral health care services

Access and Affordability

TTA Topic	Specific TTA Needs
Health Insurance Eligibility and Enrollment	Developing healthcare navigator services

Quality, Patient Care, and Safety

TTA Topic	Specific TTA Needs
Data Collection and Use	Optimizing use of enabling services and patient-level data on social determinants of health
General Patient Care and Safety	Expanding telehealth care provision to improve continuity of care
