Originating Site

Appointment Type(s):

Nurse visit

- **Using Tytocare when the patient is in office**
- Patient Location
- **Use Procedure Template - "Tele: Originating (Patient) Site"**
- Document any services the nurse performs in this visit (ie, labs, blood draw, EKG)
- Codes: Diagnosis from distant site visit, Q3014, and any lab codes

Distant Site

Appointment Type(s):

Telehealth20, Telehealth 40, Telehealth 60

- **Using Tytocare when the patient is in office**
- Provider Location
- **Use Procedure Template - "Tele: Distant (Provider) Site"**
- Document and code as you would in a normal face to face visit with the addition of appropriate telehealth modifier (GT or 95 depending on payer)

Direct to Patient (D2P)

Appointment Type(s):

D2P-BH-Telehealth, D2P -Telehealth

- **Using Tytocare when the patient IS NOT in office**
- Everything in one billable note
- **Use Procedure Template - "Tele: Direct to Patient Care"**
- Document where the patient was during the appointment (home or other location and city) and provider's location (home or clinic and city)
- Code as a regular visit with appropriate telehealth modifier

Telephone Visits

Appointment Type(s):

Telephone Visit

- **When you are NOT using tytocare and only using the telephone to communicate**
- **Use Procedure Template - "Telephone Visit"**
- Two types:
- Regular billable visit codes with telehealth modifiers. If you want to use E/M or Therapy codes you have to document all the normal components that would be in a face-to-face visit. (This option is only available for the duration of COVID-19)
- Phone visit codes-
- 99441, 99442, 99443 - **Provider** phone evaluation/management based on time (MD, PA, & NP)
- 98966, 98967, 98968 - **Nonphysician** phone assessment based on time (all other qualified healthcare professionals)
