

## Discussion & Listening Session with PCAs/HCCNs

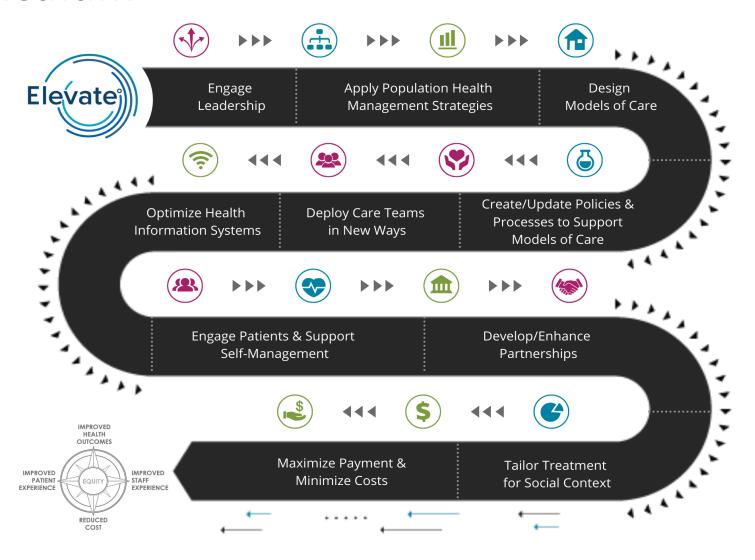

May 21, 2021

### **Value Transformation Framework**

### 2021 Curriculum

The Elevate 2021 curriculum is designed to support health centers in application of the 15 Change Areas of the Value Transfor mation Framework and transformation toward value-based care. It outlines a path the Elevate learning forum will take over the year while recognizing that transformation is not linear and that organizations will adopt and apply the curriculum in a manner and order that fits their individual needs and circumstances.
