

Leveraging the Lessons from COVID-19: How Community Health Centers Shape the Future of Health Care

The 2021 FOM/IT Conference & EXPO convenes health center leaders, state and national training partners, and other industry experts committed to exchanging ideas and solutions. The conference showcases practical tools, cutting-edge strategies, and technology to address the financial and operational challenges in a COVID-19 and post-pandemic environment with a focus on innovation and the future of health care. The conference will highlight promising practices in the areas of COVID-19 Operations, Financial Sustainability, Telehealth and Virtual Health, and Leveraging Data for Decision-Making.
