

## Medicaid Survey Tool

1. What percent increase in total Medicaid and CHIP patients have you seen since March 15, 2020?
  - a. None
  - b. 1-25%
  - c. 25-50%
  - d. 50-75%
  - e. 75%+
2. Which of the following Medicaid-related policies, if not extended beyond the PHE, would have a meaningful impact on your health center? (Select all that apply)
  - a. Telehealth flexibilities
  - b. Continued increase federal Medicaid matching rate (FMAP)
  - c. State Plan Amendment flexibilities or 1115 waivers
  - d. Supplemental payment made available only during the PHE
  - e. Allowing FQHC to bill PPS for additional types of services provided outside of the clinic
  - f. End of continuous enrollment
3. Where and/or how do you think your Medicaid patients will most likely access health care coverage and services if the above policies are not extended? (Select all that apply)
  - a. They will opt to forgo care
  - b. They will continue to seek care at health centers but as uninsured patients
  - c. They will enroll in a short-term, limited-duration health plan or a similar non-compliant ACA plan that lacks ACA required essential health benefits
  - d. They will enroll in health care coverage in the marketplace
  - e. Other (please write in)
4. Which of the following benefits has your health center experienced from Medicaid's temporary policy changes? (Select all that apply)
  - a. Provided services to more people who would otherwise go without health care
  - b. Treated more patients who would have otherwise sought care in an emergency department
  - c. Easier enrollment processes
  - d. Prevented more chronic conditions
  - e. Treated more children or young adults (up to age 21)
5. What will be the impact to your health center and your patients if the above policies are not extended beyond the PHE? (Select all that apply)
  - a. Fewer patients enrolled in Medicaid and CHIP will be served
  - b. More care will be provided to the uninsured on a sliding fee scale basis
  - c. Patients with chronic and high-risk conditions going without treatment
  - d. Patients will be forced to go to emergency rooms for non-emergent primary care
  - e. Patients will face severe cost-intensive health consequences as they are no longer able to access preventative primary care
  - f. Reduction in COVID-19 testing and vaccination due to limited reimbursement
6. Do you have a patient who is a Medicaid beneficiary that may be negatively impacted by the termination of Medicaid flexibilities and would be willing to provide us with a story about their experience with health centers?
  - a. Yes (Sarah Baizer will follow up with you directly)
  - b. No
  - c. Unknown
