NATIONAL ASSOCIATION OF  
Community Health Centers®

The NACHC Community Health Institute (CHI) & EXPO is the largest annual gathering of health center clinicians, executives, and consumer board members, along with Health Center Controlled Network and State/Regional Primary Care Association professionals. The conference kicks off at a time when health centers are front and center in the transformation of health care. Health center leaders are looking to the future, focused on the medical and management teams needed for tomorrow’s health care – the collaborative partnerships that can spur innovations – and the technologies to improve efficiency and cost-effectiveness in the delivery of care.

**Health center leaders are searching for:**

- ★ Innovative and cost-effective ways to make a difference in the care of their patients
- ★ Solutions and improvements to the efficiency of their centers
- ★ Best practices in health care delivery and management

The CHI EXPO will be your first opportunity to put your name before C-suite health center executives, medical directors, and board chairs — all influencers in the purchasing of products and solutions.

The CHI is where health center leaders search for measurable ways to impact the care of their patients and the future success of their centers. The conference provides: educational resources that focus on topics like accountable care and population health; poster sessions that demonstrate best practices; peer-to-peer networking opportunities, facilitated by industry experts; and a showcase of product and service solutions via the EXPO-- all key contributors in enhancing the value of community health center business.

**2021 Attendee Facts**

- Total Number of Attendees: *Over 1600 in-person and virtual attendees*

NACHC continues to monitor health conditions and local government regulations in light of the COVID-19 pandemic. Provided we can do so safely, we expect the Community Health Institute (CHI) & EXPO to be held in person in August. NACHC will continue to offer “a virtual experience for attendees.” Sponsors receive virtual asset add-ons; however exhibiting requires a physical presence on-site to maximize networking and engagement. Updates will be made to the CHI & EXPO website as they are determined.

We anticipate that the Community Health Institute & EXPO, which is a three-day event, will attract 2,000 attendees.
