

LEADERSHIP

ACTION STEPS

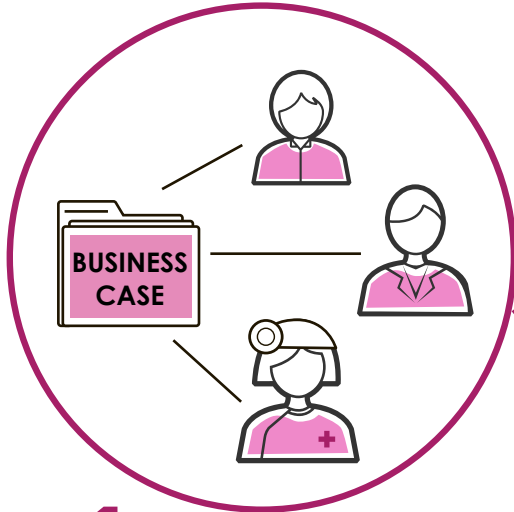

WHAT?

Development of organizational will, identification of change ideas, and execution of those ideas to advance the health center's transformation from volume- to value-based care

WHY?

Leadership engagement creates an environment that fosters change and improvement and makes transformation to value-based care, and achievement of the Quintuple Aim goals, possible.

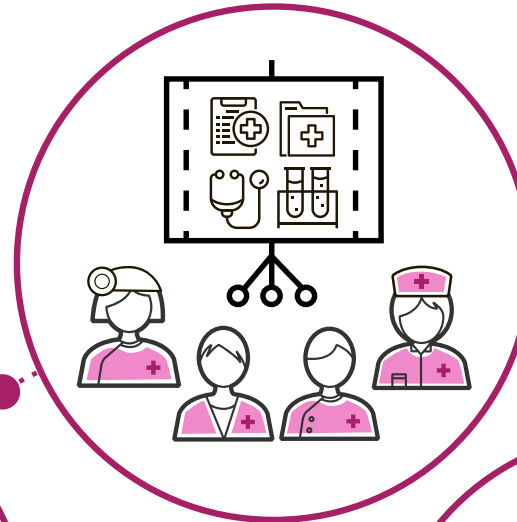

1 Create your business imperative

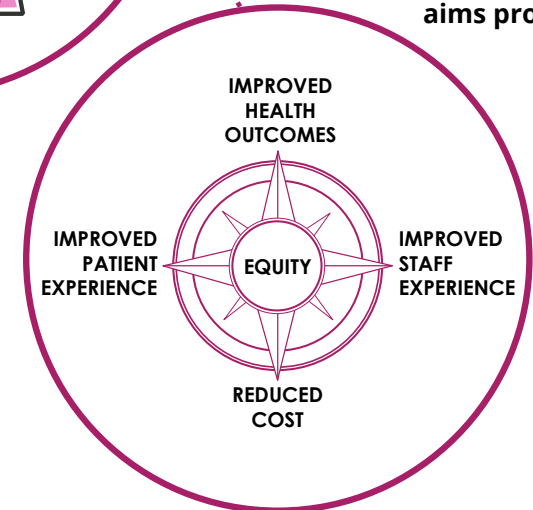

2 Institute structure and clarity with psychological safety

3 Invest in QI training

4 Track quadruple aims progress

● Infrastructure ● Care Delivery ● People
