CLINICAL INNOVATION SNAPSHOT: CARE MODELS AND PATIENT OUTCOMES

ADULT IMMUNIZATIONS

ADULT IMMUNIZATION STANDARDS:

Assess, Recommend, Refer, and Document

NUMBER OF ORGANIZATIONS SUBMITTING DATA	41
HIGH-RISK PATIENTS ENGAGED IN CARE	280,200

COMMUNITY HEALTH WORKERS (CHW):

Outreach to populations engaged in sex work, experiencing homelessness, and substance abuse disorders

NUMBER OF ORGANIZATIONS SUBMITTING DATA	14
HIGH-RISK PATIENTS ENGAGED IN CARE	6,526

STRIKE TEAMS:

Puerto Rico and Virgin Islands

NUMBER OF ORGANIZATIONS SUBMITTING DATA	4
HIGH-RISK PATIENTS ENGAGED IN CARE	11,023

MILLION HEARTS® Preventing Heart Attacks and Strokes

- 13,024,421 patients impacted indirectly
- 17,781 African American adults with uncontrolled hypertension received treatment intensification
- Decrease in average systolic blood pressure from 147.41 mmHg to 143.19 mmHg for cohort of 22,673 African Americans
- ~1,000 patients achieved BP control
- 10% improvement in cholesterol screening
- 3,408 high-risk patients prescribed statin therapy

23 citations of NACHC Million Hearts® in peer-reviewed Journal articles

NUMBER OF ORGANIZATIONS SUBMITTING DATA	42
HIGH-RISK PATIENTS ENGAGED IN CARE	635,586

MULTI-STATE DATA STRATEGY

- Over 150 health centers represented nationwide
- 794,648 patients vaccinated
- 1,288,289 tests performed
- 159,935 positive tests (12.6% positivity)
- SDOH tracked for COVID-19 risk and service needs

NUMBER OF ORGANIZATIONS SUBMITTING DATA	7
HIGH-RISK PATIENTS ENGAGED IN CARE	2,220,951

HIV

IMPROVING HIV RISK EVALUATION AND AUTOMATING EVIDENCE-BASED TESTING

- 689,752 HIV tests performed
- 818 positive tests (458 unique patients)

NUMBER OF ORGANIZATIONS SUBMITTING DATA	5
HIGH-RISK PATIENTS ENGAGED IN CARE	426,591

PEDIATRIC WEIGHT MANAGEMENT

INTENSIVE PEDIATRIC OBESITY INTERVENTION

- 26 family centric sessions covering exercise, nutrition, and behavior change

NUMBER OF ORGANIZATIONS SUBMITTING DATA	4
HIGH-RISK PATIENTS ENGAGED IN CARE	500

REPRODUCTIVE HEALTH

CLINICAL DECISION SUPPORT AND QUALITY MEASUREMENT FOR POST-PARTUM CARE
