NEEDS ASSESSN					20
BACKGROUND ON ASSESSMENT			S	TATE RESPONSE F	RATE
Health Centers were assessed for their training and technical assistance (TTA) needs in Fall 2024. The results inform increased coordination, development, and delivery of assistance to health centers while raising awareness of pressing needs. The National Association of Community Health Centers (NACHC) administered the assessment and is one of 22 National Training and Technical Assistance Partners (NTTAPs) funded by HRSA's Bureau of Primary Health Care. NTTAPs provide subject matter expertise and delivery of free or low-cost training and		Number of Individual Responses		5	
Care. NITAPS provide subject matter expense of professional development to health centers, inc Associations. Topics include the TTA domains in see <u>https://bit.ly/3UtmU4V</u> or visit <u>bphc.hrsa.gov</u> please see the full report.	cluding in collaboration with Prime this report.
